Q. 2 Read the passage carefully and answer the questions given below: (5X2=10)

Labour is the condition which god has imposed upon us in every station of life. There is nothing worth having that can be had without it, form the bread which the peasant wins with the sweat of brow to the sports by which the rich man tries to shake off his lethargy. As for knowledge, it can no more be planted n the human mind without labour than a field of wheat can be produced without the previous use of the plough. There is, indeed, this great difference, that chance or circumstance may so cause it that another shall reap what the former sow; but no man can be deprived whether by accident or misfortune of the fruits of his own studies; and libral and extended acquisitions of knowledge which the makes are all for his own use:

Question:

- I. What has been imposed upon us by God?
- II. Can you achieve anything without-labour?
- III. How can Knowledge be acquired?
- IV. What is the importance of labour?
- V. Give a suitable title to the passage.

Education is a complicated process. Not only teacher, but so many other agencies also play important roles in educating the young boys and girls. We are all aware of the influence of the cinema on the immature minds of the children How quickly they imitate the ways of dressing, walking and talking of their favorite stars. The television to has gained popularity and is not behind in placing its impact on children. Various other public activities like elections and meetings of political parties also go a long way in forming the mental and moral standards. Thus, I present times; teacher is not the sole agency of education. Besides, education is not free from the trend of commercialization of every stage.
